

New 105L Cylinder by GASCO

Make the switch from the 103 Liter Steel cylinder to a new 105 Liter Aluminum cylinder (for non-reactive gas only)

Benefits of the 105L include:

- Made from aluminum and lighter than a steel 103 Liter cylinder
- New tan top to signify a replacement for the steel alternative
- Safer than steel cylinders (no spark hazard)
- Holds all Non-Reactive Gases
- Same C-10 valve as the 103 Liter cylinder (no change in regulator)
- Offered at the same price as a 103 Liter Steel
